

Benefits provided by

FAQ: Mayo Clinic Complex Care Program

An enhanced health care benefit for complex, rare and undiagnosed conditions

Frequently asked questions

WHAT IS THE MAYO CLINIC COMPLEX CARE PROGRAM?

The Mayo Clinic Complex Care Program is an enhanced benefit available to help eligible employees and covered dependents facing a complex, rare or undiagnosed medical condition.

Eligible employees and covered dependents with a medical condition that significantly impacts their day-to-day life may be eligible for evaluation and treatment at Mayo Clinic.

The Mayo Clinic Complex Care Program is for these medical conditions:

- Autoimmune disorders
- Cancer
- Complex pediatric and adult conditions
- Gastrointestinal disorders
- Neurological disorders
- Undiagnosed symptoms or conditions

HOW DOES IT WORK?

Cummins employees and dependents should call the Anthem Health Pro team to receive details on the program and get connected with Mayo Clinic:

Anthem Health Pro
866-251-1779

If you receive care at the Cummins LiveWell Center, get started by calling for details:

Cummins LiveWell Center
877-238-2017

After evaluation and/or treatment at Mayo Clinic, you will return home for ongoing care with your local provider.

WHY CHOOSE MAYO CLINIC?

Mayo Clinic is a nonprofit organization committed to clinical practice, education and research, providing expert, whole-person care to everyone who needs healing. With a focus on caring for patients with serious, complex illnesses, Mayo Clinic cares for more than a million people from all 50 states and nearly 140 countries every year.

Mayo Clinic can often provide you with answers about your medical condition in a matter of days.

This enhanced benefit with Mayo Clinic provides you with access to world-class experts who have unparalleled

experience in complex, rare and undiagnosed conditions.

If you travel to Mayo Clinic for care, you will experience seamless, integrated care from start to finish. Every aspect of care is coordinated to provide you with the right diagnosis and an individualized treatment plan.

HOW DOES THIS DIFFER FROM THE CARE I RECEIVE FROM MY CURRENT DOCTOR?

The Mayo Clinic Complex Care Program is an additional layer of medical advice and care for health plan participants. The high level of expertise that Mayo Clinic offers helps provide you with a comprehensive solution including your local doctor and other health plan benefits.

ARE MY CONVERSATIONS WITH MAYO CLINIC CONFIDENTIAL?

Every patient will be treated with dignity, respect and compassion, and your privacy and confidentiality will be maintained. No information about your medical condition will be shared unless you authorize it.

Mayo Clinic takes its responsibility for protecting patients' medical information seriously. Mayo Clinic limits access to only the pertinent medical information that your care team needs.

WILL MAYO CLINIC TREAT MY CONDITION?

Expert care teams and state-of-the-art facilities make it possible to deliver some of the best and most innovative care to every patient. Integrated, multidisciplinary teams facilitate rapid diagnoses, reduce pain and promote healing. Innovative new therapies, many developed by Mayo Clinic researchers, are often available, designed to address unmet patient needs.

- **Autoimmune disorders.** Specialists at Mayo Clinic work in a team environment to provide state-of-the-art diagnosis and treatment for more than 31,000 patients each year dealing with an autoimmune or inflammatory disease.
- **Cancer.** Mayo Clinic is one of the largest, most comprehensive cancer centers in the world, treating more than 150,000 people each year. Mayo Clinic oncologists treat virtually every type of cancer — from the most common to the rarest forms of the disease.

- **Complex pediatrics.** Mayo Clinic Children’s Center provides comprehensive pediatric care, advanced treatment options, and a seamless health care experience for children and their families. With more than 200 medical providers in 40 medical and surgical specialties, Mayo Clinic experts provide care to more than 50,000 children and teenagers every year.
- **Gastrointestinal disorders.** With 140 digestive disease specialists on staff, the Division of Gastroenterology and Hepatology at Mayo Clinic is one of the largest and most deeply experienced in the world. Each year, more than 90,000 people with digestive conditions, including extremely rare ones, are seen and treated at Mayo Clinic.
- **Neurologic disorders.** Mayo Clinic offers the latest in neurological care with innovative therapies, new techniques and clinical trials developed by our world-class experts. Our neurologists help more than 100,000 adults and children each year, including those with complex or rare conditions.
- **Undiagnosed symptoms or conditions.** Successful treatment starts with an accurate diagnosis, and Mayo Clinic experts take the time to get it right. A team of specialists will listen to your needs and evaluate your condition.

HOW DO I GET STARTED?

Cummins employees and dependents should call the Anthem Health Pro team at 866-251-1779 to receive details on the program and get connected with Mayo Clinic. If you receive care at the Cummins LiveWell Center, call 877-238-2017 (toll-free) to get started.

Rochester, Minnesota

Jacksonville, Florida

Phoenix, Arizona

Effective treatment depends on getting the right diagnosis as soon as possible. Our specialists collaborate across disciplines to listen to your story, evaluate your condition from every angle, and develop a diagnosis and treatment plan that's just for you.
